

# WE ARE CHANGING FOR THE BETTER!

The **Clearbrook Waterworks District** office is now permanently closed to walk-in traffic. We are encouraging all of our stake holders to sign up for pre-authorized debit, or to pay through your bank or on-line. Cheques can be mailed to the office. Other means of contact such as phone and email remain available unabated.

Should you require the direct assistance of administrative staff, please call the office at **604.850.6621** or email [office@clearbrookwaterworks.com](mailto:office@clearbrookwaterworks.com) to book an appointment. All members of the public are asked to avoid direct contact with CWD staff where there has been recent illness or suspicion thereof. Any member of the public attending a CWD site must wear a mask or face covering where instructed to by CWD staff.

**Please be kind to this stipulation, as we are doing our best to keep staff healthy and working during this phase of the pandemic.**

**Emergencies should be directed to 604.308.6161.**

As a result of COVID-19, we are seeking new ways to service our stake holders in a safe and efficient manner. These measures include social distancing, even among staff. **Please respect the measures requested by our health authorities.**

Make sure to check in with us frequently, as we are planning on moving locations later this summer.
